

Example -	AAA-1234	Nickname			
Explaining	First Letter-Dwelling	Second Letter- Family	Third Letter- Danger Level	Classification #	NickName
	Depending on the letter, it can either of Land, Sky, or Sea origin or it can be a mix of the three	Depending on the letter, it can either be a; Mammal, Reptile, Insect, Arachnid, Crustacean, Bird, Fish, Other.	Depending on the letter, it can either Highly Dangerous to not extremely Dangerous.	Random String of #'s	Other Name
	A- Land	A- Arachnid	A is the highest threat while Z is the lowest threat		
	B- Sky	B- Bird			
	C- Sea	C- Crustacean			
	D- Land & Sea	F- Fish			
	E- Sea & Sky	I- Insect			
	F- Sky & Land	M- Mammal			
	H- Land, Sky, and Sea	O- Other			
		R- Reptile			
		S- Slug			
		W- Worm			

Classification	Nickname	Crystal Color	Power Classification	Power Explained	Description	Size	Based on a	Native to
AAK-1928	Burrow Stinger	pastel orange	Crystallized Venom	The Venom of the Burrow Stinger has the ability to turn both living and non-living objects into a crystal	An Arachnid with big claws and pastel orange crystals growing on it with a long tail with a stinger attached to the end.	5.6 feet tall or the average Male	Arizona bark scorpions	
AMV-1999	Scavenger Track	Black	Seek	The Scavenger Track will hunt down anything or anyone that either provokes it or it catches it's attention no matter what and will either kill the Creature that provokes it or steal the object.	An small mammal with Smoke black fur and dark crystals growing on the small mammal with Black Crystals claws	30 to 36 inches	Guadeloupe raccoon	
AMD-1899	Mimicry Trap	Hot Pink	Hollow Haze and Mimicry	Hollow Haze- the Mimicry Trap releases a sleepy mist. Mimicry- the Mimicry Trap can mimic the sound or voice of anything it hears	A Small Mammal with Light grey fur and Hot pink Crystal claws, teeth, and eyes.	8 Inches	Field Mouse	
AIG-1985	Planetary carver	Pale Yellow	Attraction & overload	Attraction- The ball the creature rolls around has a slight gravitational pull causing objects to stick to it giving it more gravitational pull. Overload- the ball explodes when it makes physical contact with any living object	a Small insect with a pale yellow crystal body with a teal shell	4 cm	Dung Beetle	Everywhere not Cold
AMO-1758	Devil Divebomb	Red orange	Slam Leap	Can jump incredible distances, and the object the creature lands on takes the impact instead of it	An large mammal with Maroon fur with red orange crystals horns while also sprouting red orange crystals on the Large mammal	11 Inches	Mountain Goat	North America
AMI-1822	Saber Tail	Lime	Crystalline Saw	The Saber Tail can grow sharp lime crystals out of its spine and tail bones	An large mammal with Crimson fur with lime crystals sprouting on the Large mammal	5.4 feet tall	red kangaroo	
AMX-1758	Local Tusk	Maroon	Locate	The Local Tusk can locate any object or person it has seen	A large Mammal with Maroon crystal tusks	6 to 12 feet	Asian elephants	
AMS-1950	Out Tusk	Navy	Out Grow	The Out Tusk can Increase the length and size of their Tusks	A large Mammal with Navy crystal tusks	10-13 feet	African savanna elephant	
AMK-1829	Pack Hunter	Pale Green	Mirage	The Pack Hunter can manifest weak clones of itself that share the same ability	A Mammal with white fur with green tips with pale green crystal teeth, claws, and eyes.	76 cm	Northwestern Wolf	
AWN-1758	Vital outage	Blood red	Drain	The Vital outage can attach itself to any living creature and steal the creatures strength and stamina until removed	A black worm with blood red crystal fangs	20 centimeters	European medicinal leech	
AAL-2000	Mix match	Emerald	amalgamation	The Mix Match can permanently fuse itself to any object or creature it raps around and is in full control	A long Arachnid with emerald crystals growing on its back	30 centimetres	Amazonian giant centipede	
AIC-1957	Hungry Sinner	Ruby	Devour	The Hungry sinner can devour any substance twice its size and won't stop eating until it's all gone	A small Insect with ruby pinchers and abdomen	12 to 15 mm	Formosan subterranean termite	
AAD-1973	Wicked Hidden	Jade	Hideout	The Wicked hidden burrows underneath a big rock and waits for any creature to come close enough to catch them and then drag the creature back into the burrow	A big Arachnid with Jade growing on the abdomen along with jade fangs and Eyes	5.8 feet tall or the average Male	Trapdoor spider	
AMM-1804	Power claw	Dark Brown	Counter strike	The Power claw can nullify all damage it takes for around 30-60 seconds and gains strength equal to the damage taken, however it has only been observed to do this once a day.	A large Mammal with light brown fur and dark brown crystals growing from its body along with long sharp dark brown crystal claws	3 1/2 feet Tall	Grizzly bear	
AMR-1758	Knight Blade	Opal	Keen Saber	The Knight Blade can increase the size and sharpness of its Horn	A large Mammal with Silver skin and a Opal crystal horn	around 1.75-2 m	greater one-horned rhino	
ARJ-1906	SpinShell	Sapphire	Photosynthesis	The SpinShell can Absorb Light into their shell and later use the stored light to either to create a blinding light or shoot condensed light in random directions.	A reptile with a Sapphire crystal Shell	five feet	Galápagos tortoise	
AMF-1991	Needle Aim	Indigo	Needle shot	The Needle Aim can Shoot it's quills extremely fast and with great accuracy and precision	A Small lavender-colored Mammal with Indigo Crystal Quills	25 – 29 inches long	North African crested porcupine Hystrix cristata	
AME-1777	Signal Axis	Rose Pink	Refraction	The Signal Axis can absorb any form of energy and radio waves in its antlers and can later shoot out the stored energy and radio waves			Axis deer	
ARF-1836	Nightmare Mist	Misty Blue	paranoia	The Nightmare Mist Can release a Hallucinogenic mist			Dragon Snake	
AMC-1800	Drive Spike	Diamond	Out-spike & wild-Drive	Out-Spike: can generate sharp spikes on its back Wild-Drive: Can create its own momentum when curled up into a ball			nine-banded armadillo	
AMR-1902	Spider Fist	Old Bronze	Tri-arm Strong	The Spider Fist has six pairs of arms that are 3X stronger than a normal human			silverback gorilla	
ARJ-1998	Wave Slinger	Lava Orange	Splashdown	The Wave Slinger can Excrete a Corrosive Substance			giant palm salamander	
ARC-1857	Lockdown	Pale Grey	Paralyzed	The Bite of a Lockdown Can cause temporary Paralyzation			banded gila monster	
ARE-1831	Cloak Creeper	Clear	Cloakage & Long Shot	Cloakage- The Cloak Creeper can become Invisible Long Shot- can shoot a condensed ball of energy from its mouth			carpet chameleon	
ARH-1910	Split Action	Dark Maroon	Flame Freeze	The Split Action can Emit Both Fire and Ice From its Mouth			komodo dragon	
AID-2005	Pain Bug - Acidic	Sea Green	Infection - Meltown	The bite of a Pain Bug - Acidic Can Melt its victims from the Inside			Leafcutter Ant	

AID-1775	Pain Bug - Agony	Roman Silver	Infection - Torture	The bite of a Pain Bug - Agony Can Inflict unbearable pain to its victims for a random period of time			Bullet Ant	
AID-1916	Pain Bug - Inferno	Fire Red	Infection - Blazing	The bite of a Pain Bug - Inferno Can Inflict a unbearable Burning Sensation to its victims for a random period of time			Southern Fire ant	
AID-1950	Pain Bug - Sickness	Egyptian Blue	Infection - Virus	The bite of a Pain Bug - Disease Can Inflict a Sickness to its victims for a random period of time			Pharaoh Ant	
AMV-1936	Race Winner	Pale blue	Outpace	The Race Winner can increase its speed and senses	A Small Mammal with light brown fur and pale blue crystals	about 36 cm Tall	Coati	South Africa

Classification	Nickname	Crystal Color	Power Classification	Power Explained	Description	Size	Based on a
BBF-1769	Night Kill	Amethyst	Absent Strike	The Night Kill has the ability to hide its presence from prey and predators as long as it is not seen	A black and grey feathered bird with Amethyst Crystal beak, eyes and talons	30 to 36 cm	Barn-owls
BBH-1838	Takedown	Neon Yellow	Shred Feathers & Takeoff	Takeoff- The Takedown has the ability to suddenly Accelerate. Shred Feathers- The Takedown's Feathers are extremely Sharp	A White feathered bird with Neon yellow tips and Neon Yellow crystal claws	2.8 feet tall with a wingspan of 4.8 feet	peregrine falcon
BID-1852	Vein Bug - coagulation	Crimson	Blood Toxication	The Vein Bug - coagulation releases platelets into the blood of its victims that it stings	a large light and dark red patterned insect with crimson wings and crystal Stinger	2.5 inches	Asian giant hornet
BID-1944	Vein Bug - Neuron	Indigo	Neuron Toxication	The Vein Bug - Neuron releases a toxin from their stinger that can disrupt the flow of Neuron signals for 15 seconds after being stung, but kills the Vein Bug - Neuron after stinging it's victim.	a Small light and dark purple patterned insect with Indigo wings and crystal Stinger	1.5 inches	Vespula germanica
BID-1967	Burst Ravaged	Light Orange	Self-destructing	The Burst Ravaged explodes itself on after landing for 5 sec	a Small insect with light orange wings and their abdomen being made of a light orange crystal that glows at night	2 inches	Photuris fireflies
BID-1986	Vein Bug - Mindset	Platinum	Mental Toxication	The Vein Bug - Mindset stabs their victims with their stinger that kills the Vein Bug - Mindset, but allows the Vein Bug - Mindset to mentally hijack the victims mind.	a large Silver patterned insect with platinum wings and crystal Stinger	2 inches	Tarantula Hawk
BMN-1831	Edge Ring	Iron Grey	Keen Orbital	The Edge Ring can generate Sharp Shards of Crystal that orbit around it or can launch the rotating Crystal Shards.	An large mammal with white fur and iron grey crystals sprouted on the large mammal with iron grey Crystals claws and teeth.	5 feet long	Giant golden-crowned flying fox
BBE-1814	Meltwing Alpha	Turquoise	Geyser Meltdown	The Meltwing Alpha is able to shoot a single shot of Extremely hot Croisive acid	A Bird with a Turquoise Crystal beak and Hot pink feathers with Green tips	22 inches	Canvasback
							Robin
							Blue jay
BBF-1763	Deafwing		Deafening Winds	The Deafwing can fly at speeds up to 100mph and flap its wings at insane speeds making anything in the area lose footing from the winds, then the sounds of the wings will make whoever hears it long enough go deaf			Humming Bird
BBF-2041	Stone Crusher	Dark Maroone	Jackhammer	The Stone Crusher uses the crystals on its beak and it ability to move it's head back and for at extreme speeds to crush stone easily			Woodpecker
